Satisfactory Academic Progress Policy (SAP) for Title IV Recipients

Students who receive assistance from any Title IV, HEA programs must maintain satisfactory academic progress (SAP) as defined by the Arkansas Colleges of Health Education according to federal regulations (CFR 668 – Student Assistance General Provisions, Sections 668.16, 668.32, 668.34, and 668.42). SAP is measured by the institution at the end of each payment period based upon quantitative, qualitative or other standards outlined in this policy.

Students who fail to meet any of the SAP requirements and cannot reestablish SAP within one payment period will be placed on Financial Aid Suspension and will no longer be eligible to receive funds from Title IV, HEA programs.

The standards set forth in the Arkansas Colleges of Health Education SAP policy meet or exceed the federal requirements set forth in the Federal Student Aid Handbook.

Quantitative Measures of Academic Progress – Timeframe for Completion

1. **Maximum Timeframe:** Students must complete their degree within a timeframe no longer than 150% of the published length of their program to maintain SAP.

ARCOM Students

The normal course of study to gain a Doctor of Osteopathic Medicine (DO) degree from the Arkansas College of Osteopathic Medicine (ARCOM) consists of four years of progressive integrated education. The Student Progress Committee (SPC) shall annually review the progress of all ARCOM students and recommend to the Dean those students who are eligible for promotion into the next academic year, as well as those recommended for graduation.

2. **Pace of Progression:** Students must progress through their program to ensure they will graduate within the maximum timeframe. To maintain SAP students must complete at least 66.67% of the credit hours they attempt. SAP is measured by a student's pace of completion which is calculated by dividing the total number of hours the student has successfully completed by the total number of hours he or she has attempted.

Qualitative Measures of Academic Progress – Grade Point Average

1. **Grade Point Average (GPA):** Students are required to maintain a cumulative GPA of 70 (grade point average of 2.00) or better to maintain SAP.

STUDENT GRADES

Academic Years One and Two

Grading for OMS I-IV medical students is based on a scale of 0 to 100. ARCOM requires a grade of 70 or above for passing of all courses, any grade below 70 is failing.

Grading Scale OMS-I and OMS-II		
OMS-I and OMS-II		Other Grades
A	90-100	P – Pass
B	80-89	F – Fail
C	70-79	I – Incomplete
F	69 and below	R – Repeat
		W - Withdrawal

Clinical Grading Scale			
OMS-III & OMS-IV Required Rotation Grades		OMS-III AND OMS-IV Elective Rotation Grades	
A	90-100	H	Honors
B	80-89	HP	High Pass
C	70-79	P	Pass
F	69 and <	F	Fail
I	Incomplete		

Transcript Notations

Failing grades will be included in calculating the average numeric grade for that semester and the cumulative numeric grade average. If a course is failed and subsequently passed on remediation, a grade of 70 (the highest possible grade on remediation) will be recorded with the notation X on the transcript that the course was passed by remediation. The remediation grade of 70 will be used to calculate the average numeric grades from that point forward.

Incomplete/Withdrawal/Repeat/Fail Course Work

Grades of I (Incomplete), W (Withdrawal), R (Repeat), F (Fail) or 0.0 are counted as attempted hours but not as earned hours in determining SAP.

Passing Grades

Grades of A, B, C, H (Honors), HP (High Pass), P (Pass), 2.0, 3.0 and 4.0 are considered as passing grades at this institution and will be counted in the total number of hours completed in determining SAP. Grades that are changed after SAP evaluation was completed will be recalculated into the current SAP calculation unless it is an incomplete grade.

Repeat/Remediation Courses

Courses that are repeated or remediated are counted as attempted or earned hours in the student's SAP calculation.

The Student Progress Committee has the authority to recommend a student repeat a course or academic period of study, or to recommend a student's suspension or expulsion based upon its assessment of the student's academic performance and/or professional fitness in accordance with the provisions set forth in the handbook.

Students who repeat a course more than once that was previously passed will be ineligible to receive funds from Title IV, HEA programs for that same course. Students who do not successfully remediate any course failures will be considered to not be meeting SAP.

Transfer Credits

If transfer credits are approved the student's GPA and class rank will not be transferred in. Transfer credit hours that are approved will be used in the quantitative assessment but will not be used in the qualitative assessment in determining SAP.

ARCOM Transfer Credits

In rare circumstance, transfer work from other LCME or AOA accredited college of medicine may be accepted on an individual basis if approval is granted from the Dean after the Curriculum Committee has reviewed all necessary documentation provided for the transfer request.

Academic Probation/Suspension/Dismissal

Students who are placed on academic or administrative probation, suspension or dismissal will be considered as not meeting SAP.

ARCOM COMLEX Exams

Students who fail any part of their Complex exam(s) and due to this failure is no longer able to stay in their program of study will no longer be considered as meeting SAP for eligibility to receive funds through the Title IV, HEA programs. If a student is later allowed back in their program of study due to passing of their COMLEX exam(s), that student will be meeting SAP if all other SAP requirements are met and will regain eligibility for Title IV, HEA programs.

ARCOM Professional Potential in Progress

Students who are determined to not be demonstrating professional potential in progress by faculty and administration will no longer be considered to be meeting SAP for eligibility to receive funds through the Title IV, HEA programs.

A student who is placed on financial aid warning for one payment period and does not meet SAP by the end of the payment period will be placed on financial aid suspension with the right to appeal and will lose their eligibility to receive funds through the Title IV, HEA programs.

Academic progress will be reviewed at the end of each payment period to determine if that student is now meeting SAP.

Suspension

Students on financial aid suspension will be ineligible to receive funds from Title IV, HEA programs unless a Financial Aid Appeal and a written academic plan is approved by the Financial Aid Appeals Committee. Academic progress will be reviewed at the end of each payment period to determine if that student is now meeting SAP.

Probation

2. Supporting documentation that may be pertinent to the student's appeal.
3. Financial Aid Academic Plan for success. (Details will be outlined in the Financial Aid Appeal Form).

The Office of Financial Aid will notify the student via e-mail of the Committee's decision to approve or deny his or her appeal.

Academic progress will be reviewed by the Office of Financial Aid at the end of each payment period to determine if that student is now meeting SAP.

Financial Aid Reinstatement

Students who have an appeal approved by the Financial Aid Appeals Committee will either be placed on financial aid probation or an academic plan according to when it is expected they would meet SAP standards. Students on financial aid probation or an academic plan will have their eligibility reinstated for Title IV, HEA programs. Academic progress will be reviewed at the end of each payment period to determine if a student is now meeting SAP.

Regaining Eligibility

Students who have become ineligible to receive funding from Title IV, HEA programs due to not meeting the institution's minimum cumulative GPA or minimum completion rate requirements may regain eligibility once they meet the qualitative and quantitative SAP standards listed in this policy.
