HEALTH EDUCATION

April 7, 2020

Dear ACHE Community:

As we continue with our remote work protocols and continue to comply with the shelter-in-place directive, we continue to assess the impact of COVID-19 on the curriculum for all four classes – MSB and OMS1, 2, and 3. In view of the current circumstances, **we will continue with online delivery of the curriculum through May 1.** In the event OMS-3 students are asked to return to their clinical sites, we will work with the site directors and preceptors to facilitate the reinstatement of clinical rotations as quickly and as smoothly as possible. In the meantime, we are very pleased with the delivery of the online curriculum.

Also, all current travel restrictions, self-isolation for students returning from travel, and travel reporting requirements will remain in place.

Please be safe and stay healthy. I look forward to seeing you all back on campus as soon as we are able to reopen the facilities.

Sincerely,

A handwritten signature in black ink, appearing to read 'Brian Kim'.
