HEALTH EDUCATION

July 9, 2020

Dear ACHE Community,

Yesterday, we learned that an employee tested positive for COVID-19. This employee is recovering at home and is under the care of a physician. All who have had contact with our colleague have been notified and advised accordingly.

ACHE's safety precautions remain in place. Enhanced sanitation of all areas on campus continue to take place. We are confident with our reopening plan and know that you will also commit to keeping our campus as safe as is humanly possible as we welcome students for the Fall 2020 semester.

It is my commitment to you to keep communication flowing and to provide you updates as this situation demands. Things change quickly, but rest assured, as information needs to be provided to the campus community, I will communicate with you. Any employee who has concerns or questions is encouraged to contact Human Resources or my office. Any student who has concerns or questions is encouraged to contact Student Affairs or my office.

Thank you for your continued support.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Brian G. Kim'.

Brian G. Kim, J.D.
